### Editorial Policy:

Papers, comprising review articles and reports of original scientific research, will be judged for publication on the basis of evaluation by independent reviewers. Such reports and articles include substantial supported theories, innovative work, substantial experimental results, useful and constructive discussion, and review articles in the fields of science and technology such as biology, chemistry, mathematics, statistics, physics, computer science and information technology, engineering, agriculture and other areas related to the application of science and technology. An electronic journal is also provided on the website ([www.tci-thaijo.org/index.php/kmitlstj](http://www.tci-thaijo.org/index.php/kmitlstj)). The Editors reserve the right to require revision of the submitted manuscript as a condition for final acceptance.

The institute and the editorial board claim no responsibility for the contents or views expressed by the authors of individual articles. Copying is allowed provided that acknowledgement is made. All articles submitted for publication will be assessed by a group of distinguished reviewers.

### Publication Date:

Each volume will comprise two issues (January-June and July-December).
